

## Nurse's Notes

### **ATTENTION ALL PARENTS:**

The Children's Dental Clinic in Berwyn offers dental services to children of our school district who do not have preventive dental insurance and whose families have an income that would qualify them for the free or reduced meal program. This is a non-profit community organization that is located in the Tredyffrin/Easttown Middle School. The program includes an initial oral exam, cleaning, prophylaxis, topical fluoride, x-rays when needed, fillings and any other treatment that can be accomplished in the office setting. The cost for each visit is \$5.00 due to the Children's Dental Clinic on the day of your child's scheduled exam. Parent volunteers drive the students to and from the dental clinic during the school day.

If you would like further information or an application for your child to attend the Children's Dental Clinic, please call or email me, or ask your child to pick up an application from me during the school day.
