

How to Generate a Student Pairing Code for Parent Observer Access in Canvas

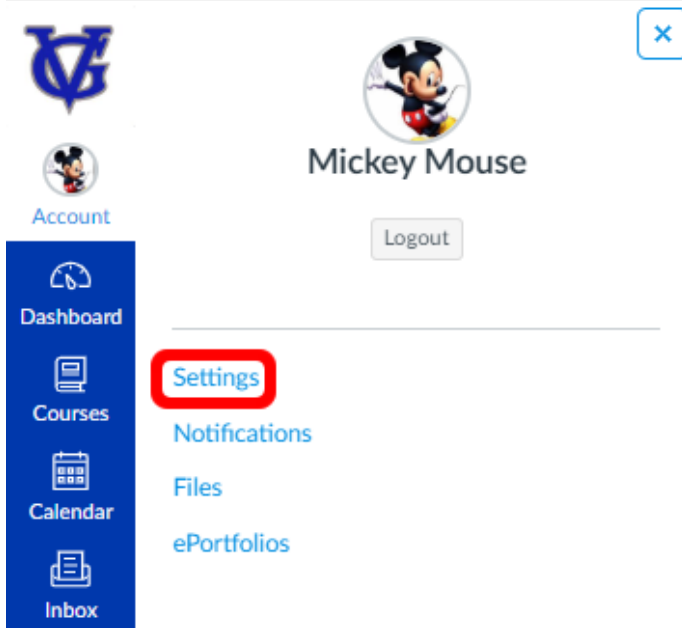

Wednesday, September 26, 2018
8:57 AM

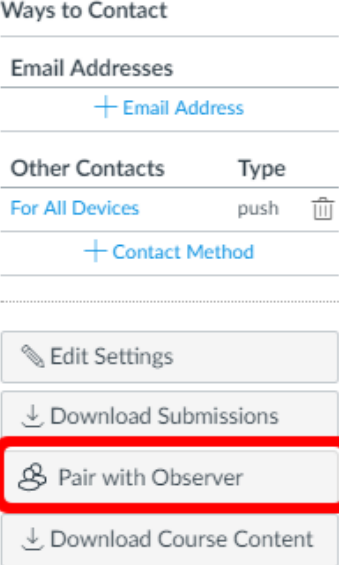

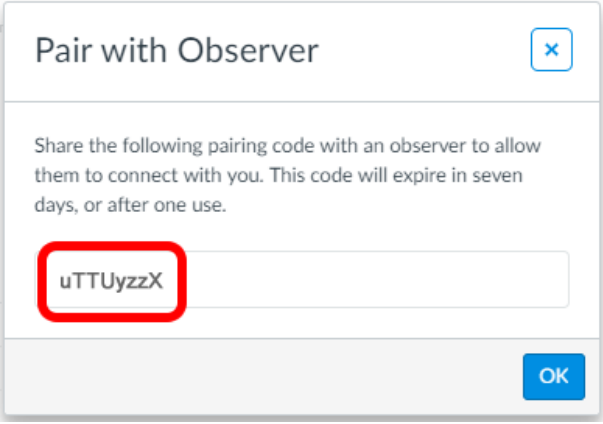

Software:	Canvas
Summary of Issue:	These directions show how students can generate the Pairing Code on Canvas. Please be aware that students CANNOT generate a pairing code in the student app . They can only generate a pairing code when they are logged in on the browser.
Instructions:	
Step 1:	On the school District website click on the Canvas icon. 
Step 2:	Have the student enter his/her login credentials. 

Step 3: Have the student click on Account.

Step 4: Have the student click on settings.

<p>Step 5:</p>	<p>On the right hand side, you should see a series of buttons. Click on Pair with Observer (Note: Depending on the resolution of your screen these buttons may not show up on the right hand side of the screen. If you cannot see the buttons scroll to the bottom of the screen).</p>  <p>Ways to Contact</p> <hr/> <p>Email Addresses</p> <p>+ Email Address</p> <hr/> <p>Other Contacts Type</p> <p>For All Devices push </p> <p>+ Contact Method</p> <hr/> <p>Edit Settings</p> <p>Download Submissions</p> <p>Pair with Observer</p> <p>Download Course Content</p>
<p>Step 6:</p>	<p>This will generate a pairing codes that parents can use to observe student accounts on Canvas.</p>  <p>Pair with Observer ×</p> <p>Share the following pairing code with an observer to allow them to connect with you. This code will expire in seven days, or after one use.</p> <p>uTTUyzzX</p> <p>OK</p>
<p>Step 7:</p>	<p>Parents can use the pairing code to add themselves as observers to their students account.</p>
