

Why choose the Great Valley Virtual Academy?

- Great Valley School District students outperform their cyber charter school peers on the PSSA's in mathematics, reading, and science.
- Students in the Great Valley Virtual Academy will have access to the guidance services and after-school sports and activities that the district provides all of its students.
- Students will receive a laptop computer, high-speed Internet access, and a Pennsylvania Department of Education-approved curriculum taught by Pennsylvania-certified, highly-qualified teachers from the Brandywine Virtual Academy.
- The Great Valley School District ensures that the educational program and the curriculum meet the district's and the PA Department of Education's standards.
- Great Valley Virtual Academy students who meet graduation requirements and who successfully complete the virtual educational program will receive a Great Valley School District high school diploma.

An eSchool Solution

Provided by the Brandywine Virtual Academy

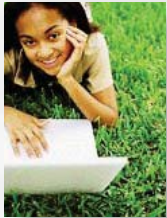

DEVELOPED BY THE CHESTER COUNTY INTERMEDIATE UNIT
IN COOPERATION WITH BUCKS, DELAWARE
AND MONTGOMERY COUNTY INTERMEDIATE UNITS.

The Great Valley School District will not discriminate in employment, educational programs or activities based on race, color, national origin, age, sex, disability, handicap, marital status or because a person is a disabled veteran or a veteran of the Vietnam era. Reasonable accommodations will be provided for employees, students and program participants who are disabled. Participation in instruction and activities for a student identified as exceptional may be modified according to the Individualized Educational Plan (IEP) developed for the student. Reasonable accommodations will be provided for pupils who are disabled.

An eSchool Solution
Provided by the Brandywine Virtual Academy

An eSchool Solution to a traditional school program

The Great Valley Virtual Academy provides sixth to 12th grade students residing in the Great Valley School District with the opportunity to receive an educational program online while having access to the supports that are available from the District.

Developed by the Chester County Intermediate Unit and the 21st Century Cyber Charter School, the Great Valley Virtual Education program uses the curriculum and professional staff of the Brandywine Virtual Academy (BVA) to deliver its course content.

All BVA courses are approved by the Pennsylvania Department of Education and meet the Pennsylvania State Academic Standards. Students who complete requirements for graduation will receive a Great Valley School District diploma.

Challenging coursework

While the Great Valley Virtual Academy provides a flexible schedule that allows students to complete the educational program outside of the structured school day, students will find the course work to be rigorous and demanding.

Individualized attention

Guidance counselors and school administrators work with Great Valley students and parents to determine whether the Great Valley Virtual Academy program is appropriate for them, and to select the appropriate courses in which those students should enroll.

Characteristics for success

Not all students are able to adapt to the online learning environment. The most successful online learners are those who are:

- Self-directed
- Motivated to learn
- Organized
- Self-advocates
- Able to communicate electronically

And, who possess:

- Excellent literacy skills
- Basic computer skills
- Strong self-discipline

Sample high school courses available in the GVV program
